Are you looking for baseball & softball instruction that caters to the needs of the individual player?

- The mission of Solid Foundation Baseball School is to train and lead each student to reach their full potential as a baseball/softball player, an athlete, and a person.
- We accomplish this through private lessons and small group lessons that are fun, informative and personal.
- With the low student to teacher ratio we can properly train your player in the correct mechanics of hitting, throwing, pitching, infielding, outfielding, catching, and baserunning.
- At SFBS we do **not** use a cookie cutter approach for teaching each student. Through professional evaluation, each student is given techniques that will be player specific so they will be able to, through application, reach their highest potential.

Solid Foundation Baseball School, Inc. was founded in 1997 by Atwater, MN native and former Major League baseball player Mike Kingery. Mike has 17 years of professional baseball experience. As an outfielder, he played with the Kansas City Royals, Seattle Mariners, San Francisco Giants, Oakland A's, Colorado Rockies and Pittsburgh Pirates.

How do the Spring Training sessions work?

You reserve a day of the week and a time during that day where you receive instruction from a qualified SFBS instructor every week at that time for the entire session.

Do Sessions 1, 2 & 3 all cover the same things?

Each small group or private lesson is specific to that student(s) and covers what the player(s) want to improve on. Each subsequent lesson builds on what the instructor and student(s) have already covered. Since the lessons are private or semi-private (small group), the instructor is able to start each individual at the place best for them and work from there.
